

# Gayathri

## Frontend Developer(React)

### PROFESSIONAL SUMMARY

Innovative React.js developer with expertise in crafting scalable and responsive user interfaces. Skilled in integrating frontend components with APIs and optimizing performance. Proficient in leveraging Generative AI for development acceleration and quick adaptation to new technologies for enhanced workflows and superior user experiences.

### PROJECTS

#### 1. AG Fashion Store | |

##### JavaScript | HTML5 | CSS3 | Responsive Web Design | Git

- Built an online fashion store with a user-friendly and responsive design using HTML, CSS, and JavaScript.
- Implemented product filtering, sorting, and an autocomplete search feature for better user experience.
- Developed a cart page and a secure payment page to ensure a smooth checkout process.
- Ensured cross-browser compatibility and optimized performance for various devices.
- Independently completed all tasks, showcasing ability to manage projects and solve complex problems.

#### 2. Projects of JavaScript |

##### HTML5 | CSS3 | Responsive Web Design | JavaScript

- Developed small-scale projects utilizing HTML5, CSS3, and JavaScript, focusing on core frontend development skills.
- Implemented responsive web design techniques to ensure optimal display across various devices and screen sizes.
- Employed JavaScript to enhance interactivity and dynamic functionality within the projects.
- Conducted thorough testing and debugging practices to maintain high code reliability and application stability.
- Ensured cross-browser compatibility by testing projects across multiple platforms to enhance user experience.
